

Educational Visit 2023

"The patients' need for a multidisciplinary team"

Learning objectives

- Get an insight into the organization of team rehabilitation and rehabilitation competences in Denmark, and discuss differences and similarities with your country and implications for research
- Learn and share new and interesting research in arthritis rehabilitation
 - Present and discuss your research with fellow PhD students, Postdocs and Senior Researchers
- Get insight into how to work with patient research partners and why
 - Extend your international research network

Internal speakers

Oliver Hendricks
Professor, MD & Research Leader
University of Southern Denmark

Jette Primdahl
Professor, RN
University of Southern Denmark

Ann Bremander
Professor, PT
University of Southern Denmark

Ninna Hoegh
Senior Project Manager
The Danish Centre for Expertise
in Rheumatology

Karen Schreiber
Associate Professor, MD
University of Southern Denmark

Hjørdis Nielsen
Social Worker
The Danish Centre for Expertise
in Rheumatology

Christina Tvede Madsen
PhD Student, OT
University of Southern Denmark

Invited speakers

Bente Appel Esbensen
Professor, RN
Copenhagen University Hospital -
Rigshospitalet Glostrup &
University of Copenhagen

Annette de Thurah
Professor
Department of Rheumatology,
Aarhus University Hospital

Emma Dures
Adjunct Professor, Psychologist
Bristol, UK & University of Southern Denmark

Sanel Teljigovic
PhD Student, MSPT
Department of Physiotherapy, University College Absalon, Næstved

7th - 11th MAY

SUNDAY

7th of May
