

Danish Centre for
Expertise in Rheumatology

RESEARCH. NETWORK. CREATE. - INSPIRE.

Educational Visit 2024 AXIAL SPONDYLOARTHRITIS

Participant 2023

This visit exceeded my expectations. I was surprised by seeing The Danish Centre for Expertise in Rheumatology and the Danish Hospital for Rheumatic Diseases. It is such an excellent centre. Moreover, the scientific content of the visit, the great networking and the attention put in by the organisers made this experience a blast that I'd recommend to all HPRs.

**We invite 10 young researchers – PhD students
and Postdocs to join us spring 2024.**

Join us for free

- 01. Present and record your research 02. International network
03. Explore ideas for transnational studies**

**28th April –
2nd May 2024**

**How can we challenge the
diagnostic delay for patients
with SpA?**

**THE DANISH CENTRE FOR
EXPERTISE IN RHEUMATOLOGY
Sønderborg, Denmark**

YOU WILL TAKE THE FOLLOWING HOME:

- A network of fellow researchers
- An insight to the organisation of researchers in Axial Spondyloarthritis, Pregnancy in RMD's and Rehabilitation
- See how we work together with our team rehabilitation
... and so much more!
